Last name	Farrugia
Erasmus+ Mobility details	
Organisation name	Institute of Tourism Studies
Mobility dates	14.05.2017 – 17.05.2017
Place of Mobility	Erasmushogeschool, Brussel

Andrew's Testimonial:

“The objective of this training was to understand how similar institutions to ours run their culinary arts programmes, hence module types and various methods of assessment.

The visit to the Erasmushogeschool Brussel initiated with a meeting with Mrs Diane Vermeulen who is the international coordinator for internships, who cordially took us on a tour of the campus. Following the tour I was given a presentation by Mr. Johan Sturke on their Moodle system and the method of assessment then I was shown on how they conduct a final year annual event called Innovative group work-food and events. This was done by the lecturer responsible for the event.

At the Anderlecht Campus in Coovi, I was given a tour with explanations of the Bakery and Chocolaterie by Mr. Luc Jenet who is the head of this unit. Here he explained the method and teaching structure of their classes. This was followed with a demonstration of new chocolate and pastry techniques by one of their lecturers.

These were two fruitful days were I was exposed to different methods of teaching and training styles. Also a visit to the Academy gave me an insight to how chocolate is produced and learned more on the logistics of chocolate production. This experience has enriched my knowledge in the area of patisserie and chocolaterie and this will enable me to pass this on to my students.”
