## **John's Testimonial:**

*"This mobility aims to help the student during their foreign internship. Funding would help the student to adjust to living abroad, especially during the first few months*

*When I was at Wotton House I learned various things and I am glad that I had the opportunity to do this foreign internship. With this internship I learned various skills that I can apply within the workplace however I matured as a person as I came to terms with living in a new country along with living by myself and fending for myself."*
