Ritianne’s Testimonial:

“The aim of this mobility was to practice and continue the studies part of my diploma studies. Through this mobility I have learnt and acquired knowledge on pastry, I have learnt how to do a service a la cart, I have learnt how to decorate and prepare a buffet section of pastry, and I have learnt to work in team and under pressure. The team was very helpful and welcoming, the chef took time to teach me and show me how things are done. He helped in creating a chocolate sculpture as well.”
