Last name	Galea
Erasmus+ Mobility details	
Mobility dates	29th Jan – 2nd Feb 2018, 4th – 8th April 2018
Place of Mobility	Prague, Wales

Miriam's Testimonial:

"The Erasmus+ experience was a very enriching experience, through it I expanded my knowledge on how several hotel departments operate and understand better HR practices in employment.

[I chose to go on this experience because] I felt that I was lacking in knowledge in my field of work. I chose to go to learn and understand better on how they operate especially when selecting employees, the interview process and all the documents needed in connection with the requirement process and the drawing up of various training programmes.

The best moments were when through the training that I went I felt that I was getting so much precious knowledge of several paperwork needed with employment purposes and I got to understand better the country's employment legislation. I do not feel there were any bad moments.

[To anyone thinking about going on a similar experience] I encourage them to go for it and make the most of this experience."
