

Participant details	
First name	Ruth
Last name	Azzopardi
Erasmus+ Mobility details	
Mobility dates	16 - 20 April 2018
Place of Mobility	Lycee Brise-Lames, Martigues, France

Ruth's Testimonial:

"All in all, this experience proved fruitful in terms of language practice and teaching methodology. More exchanges are planned between both institutions in the very near future and we hope that students will start mobility programmes in both colleges in the future.

The principal of the school, Ms Nadine Brandazzi along with two other teachers had visited ITS in 2017 so I was looking forward to seeing them again.

One of the best moments was when I was shown around the Lycée and taken around Martigues by tourism students and their lecturer. They took me round the major sights of Martigues and explained the main historical events of the city. I was asked to give the students feedback at the end of the session. Being a tour guide trainer myself, I think the whole group benefitted from this session including their lecturer. We also combined evaluation sheets and decided to combine them together to improve them. Future students of ours will benefit from these feedback sheets.

[To anyone thinking about going on a similar experience, I say] You can only gain from such an experience."
