<b>Describe your Erasmus+ experience</b>
As we arrive at O.S.I. office we had a wonderful welcome and all the staff was very well prepared to give us all the information necessary on their work at all units. Interesting experience regarding surveying, office work, new equipment and advanced technology. I had a great experience socially with all the staff and on hands practice on site.
<b>How did you feel before going on Erasmus+? Why did you choose to go?</b>
At first I was anxious and terrified, but finally with all the help and courage, especially from Mrs. Daniela Farrugia Camoin and friends I was excited to acquire this work experience. For me it was a challenge and to improve my self confidence.
<b>What were the best and worst moments of this experience? How do you feel they helped you?</b>
Travelling by connected flights was a bit exhausting but overall it was a positive experience.
<b>What would you say to someone who is thinking about going on an Erasmus+ experience?</b>
Do not afraid, hard work but at the end worth all of it and self satisfaction. Good to enjoy and get around the place, making new friends and discover new ideas.
